

RAAE Manuscript No.        /2013

Title of manuscript:

Your peer review of the manuscript submitted for publication in the Review of Agricultural and Applied Economics would be greatly appreciated. Please let me know if you cannot open and read the manuscript attached. For your recommendation **to publish–to publish after revision–to reject** the paper please mark appropriate box(es). In addition, numbered short notes and/or comments are appreciated.

Thank you very much for your kind support of our efforts to improve the quality of the journal.

**Reviewer’s recommendation**

- Publish**       as Regular Article
- as Discussion Paper
- as Comment to Policies
- Publish without change**
- Publish after minor revisions**
- Publish after major revisions**  
**and a second review**
- Do not publish the paper**, because
- not in line with the scope of the journal
- does not present any new knowledge
- the methodology is not suitable
- deficiencies in the interpretation of results are serious
- for another reason:

**Summary rating**

- Originality
- Scientific merit
- Technical quality
- Clarity of presentation
- Importance to fields
- Language quality
- Citations
- Conciseness
- Completeness
- International relevance
